President’s Message
Summer is over and another school year is here. I’d like to take a moment and thank everyone who volunteered to help out with school registration and back-to-school. Those events wouldn’t have run as smoothly without you! One of the things that makes Spring Lake Elementary so great is all of the parents and other family members that take the time to volunteer at our school. Whether you sign up to be a room parent, help in the classroom, or just take a shift at the carnival or book fair, you are making a difference in the school experience for all of our students. I know from personal experience that your child’s eyes light up when they see mom or dad (or grandma) walk into the classroom. There are various opportunities to volunteer at our school, and many of them can be done by parents who are employed full-time. Where will you make a difference this year?
