

**\*\*FREEBIE\*\***

**Fact Practice!**

# MULTIPLICATION FACT NUMBERS 0 - 12

**\*\* Flash Cards \*\***

Multiplication facts are essential for students success in math. Taking 5 minutes per day could help improve memorizing these facts. The flash cards are set up to be small and convenient. Store them in an envelope, folder or pencil case and students will have these with them at all times. There are endless options with these cards, one option is to print each set in a different color and when students are practicing you can glance around to see who is practicing what set.

#### Directions For Printing:

- \*\* Print pages 3-26 Back to Back-you may need to adjust if you turn it horizontally or vertically based on your computer settings.
- \*\*Recommend using cardstock and then laminating before cutting out each one.

IF you have ANY issues, please send me a Q&A on Teachers Pay Teachers or email me at [kholland2007@gmail.com](mailto:kholland2007@gmail.com)

Thank you!  
Kara Holland
